NORRIS 1970

boldly different

Norris . . . a travel trailer that carries with it pride of style and engineering leadership; Norris travelers for the '70's are the products of creative craftsmanship . . . BOLDLY DIFFERENT - BOLDLY STYLED - BOLDLY ORIGINAL.

Norris trailers are like no others. Step inside the Norris . . . everything is contemporary and convenient. Norris gives you the best; it caters to your every need . . . and goes one step beyond.

The excitement and pride in Norris's exclusively designed exterior is easily understood . . . Norris has taken 'space-age' concepts and put them to practical and attractive use. Look at the clean, crisp styling and we are certain you will agree; splashes of color, touches of vinyl . . . all part of the Norris look.

The Norris travel trailer is a product of creative construction, a product in which the entire Norris family of craftsmen takes a great deal of pride. We are sure you too will share in this pride by owning a 1970 Norris traveler.

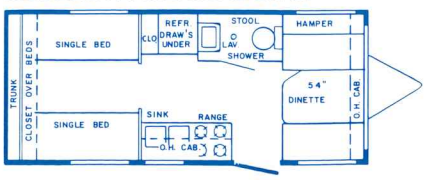
MODEL 240 AMBASSADOR III



MO

Beautiful, bold new exterior styling exemplifies the pride and quality of Norris craftsmanship.

Dramatic new styling with bright aluminum and black vinyl trim add beauty and practicality to the new Norris.

Superb workmanship is evident in the interior detail work and famous Norris cabinetry.
